

FAILURE TO MEET DEGREE REQUIREMENTS

The student is solely responsible for making sure all degree requirements are met. To be awarded the degree, they must indicate their intent to graduate when registering for their last semester by completing the Application for Degree online.

- Students who fail to apply for a degree by the last day of the semester of graduation may delay the awarding of the degree until the following semester.
- Degrees will be denied for students who have not completed all degree requirements within 30 days of the end of the semester in which they applied. Once denied, a new Application for Degree must be submitted for the semester in which they will earn the degree.
