

# DIGITAL FORENSICS AND INCIDENT RESPONSE

---

## Overview

**Degrees Offered:** Program Certificate

**Program Begins:** Fall, Spring

**Delivery Method:** Online, On Campus

**Phone:** 701-224-2429

**Email:** bsc.cet@bismarckstate.edu

## Description

This certificate provides students with digital forensics skills critical to operating a Security Operations Center (SOC). Students gain significant experience performing various types of digital forensics work, just as in a SOC or responding to an incident within an organization.

The Digital Forensics and Incident Response Program Certificate provides learners affordable, flexible, high-quality, experiential learning enhanced by an on-campus SOC.

## Degree Plans

- Digital Forensics and Incident Response Program Certificate

## Program Learning Outcomes:

Upon graduation, Digital Forensics and Incident Response students will be able to:

- Apply appropriate forensic procedures to seize, preserve and document electronic evidence.
- Identify and document potential computer and network security incidents.
