

SECURITY OPERATIONS

Overview

Degrees Offered: Program Certificate

Program Begins: Fall, Spring

Delivery Method: Online, On Campus

Phone: 701-224-2429

Email: bsc.cet@bismarckstate.edu

Description

This certificate program provides students with the skills needed to detect and respond to network incidents. Tools and techniques will be examined, along with methods used to identify threat actors within the network. Students will enhance their knowledge of security analysis which will support their roles in security operations.

Degree Plans

- Security Operations Program Certificate

Program Learning Outcomes

Upon graduation, Security Operation students will be able to:

- Identify security-related threats and implement appropriate measures to protect networked devices from them.
- Identify and document potential computer and network security incidents.
