

SOFTWARE ANALYSIS

Overview

Degrees Offered: Program Certificate

Program Begins: Fall, Spring

Delivery Method: Online, On Campus

Phone: 701-224-2429

Email: bsc.cet@bismarckstate.edu

Description

This certificate program provides students with the skills needed to analyze malware infections and obtain detailed information about how they work, where they came from, and how they were written. Students will be able to solve problems by writing scripts or developing code as well as perform analysis of software to best understand its functionality.

Degree Plans

- Software Analysis Program Certificate

Program Learning Outcomes

Upon graduation, Software Analysis students will be able to:

- Solve problems by writing scripts or developing code.
- Perform analysis of software to understand its functionality.
